

2019 Quest for the Medallion!

April 5-7 @ QSR

A Scouts BSA / Venturing / and AOL Event hosted by South Winds

Would you like to grow your Troop? Arrow of Light Scouts can be a bit intimidated by Scouts BSA Troops. They're older, bigger, and they may not know them. This Camporee is designed to get the Arrow of Light Scouts actively participating with the Troop, early, in hopes that they will begin to build relationships with Troop youth and leaders. This will give them a taste of what the Scouts BSA Troops do as well as give them a great opportunity for an entire weekend to begin to build friendships with the older youth.

What is it?	A Camporee is a District event open to Scouts from both in and out of Quivira Council in which Scouts participate in outdoor skills-based activities. Please read below so you are prepared for the activities.

- The mission is to plot and find six points and to complete a task near each of those points.
- For each point found and task completed, the patrol will receive 1/6 of a medallion to be awarded on Sunday.
- Lunch and Supper on Saturday - will be eaten "on the trail" between events. Patrols are encouraged to plan their meal accordingly. Lunch and supper should be packed and stored in the backpack prior to the Opening Ceremony Saturday morning.
- For each point found and task completed, the patrol will receive 1/6 of a medallion to be awarded on Sunday.
- Saturday Potluck Cracker Barrel – We are going to have a potluck Cracker Barrel Saturday evening. Each Troop is asked to bring enough food for 50% more people than is with their Troop, i.e. if there are 10 people from Troop 999 than they should bring enough food to feed 15. We do not want to run out of food half way through the Troops. Troops will have to provide all their own necessary plates, cups, and silverware. Also, please provide a serving spoon with each dish provided.
- Sunday morning will be used for patrols to find points or complete task not accomplished on Saturday or conservation hours with the camp ranger will be offered.

The six events are as follows:

1. Matchless Fire Starting – Your challenge is to light a fire and burn a string using only the materials that are in your backpack.
2. Rapids Crossing – Two sides of a river will be marked using rope, the sides will be approximately 35 feet apart. There will be piles of sandbags (rocks) spaced approximately 7 feet from each other. Each Patrol will be given an eight foot 2x4 to use as a bridge. The goal is to have every Scout make it across the river and back without falling off the bridge or the rocks. (materials will be provided)
3. Cache Locating – The patrol must find the cache located near one of the six points. (you will need your own compass)
4. Mystery event! Surprise! Materials will be provided for this activity.
5. Tripod Building – Each patrol must build a tripod by using 3-eight foot poles as the legs and 3-six foot poles as the crossbeams. There will be one 12 foot rope which will be used as the top tripod lash, as well as 6-eight foot ropes which will be use to lash the crossbeams. Scouts must follow the Scout Handbook procedures on the correct way to build a tripod. Scouts must take down tripod prior to leaving site. (all materials will be provided for the activity)
6. Glow in the Dark Frisbee Golf – Frisbees will be modified with glow strings so that they are easily visible in the dark and the 'holes' will have glow sticks hanging on them so that Scouts can see them from far away. (all materials will be provided for the activity)
