# While at Camp

## Arrival and Check-In Process

Plan to arrive at Quivira Scout Ranch between **9:00 a.m. and 12:00 p.m.** on Thursday, June 9<sup>th</sup>. Proceed to the main gate. You will be greeted by your Staff host at the gate. Immediately after you are greeted you will proceed to STAR Lodge to sign up for **swim check times** (if not already done before arriving at camp) and turn in **medical forms**, then a group photo of the troop will be taken. So, it is important to have all your Cub Scouts and leaders together for this photo before they head off to get your campsite ready.

After medical check-in, the Pack will be given a brief tour of camp and then taken to their campsite. Cub Scouts will be able to take swim tests and should be in proper swim attire at their assigned test time. Please only send those needing swim checks at this time. During the swim test, each Scout will be classified as a swimmer, beginner, or a non-swimmer.

After the brief camp tour, leaders may transport **one** vehicle at a time to the campsite. All vehicles will be allowed in camp to unload, but only one per unit is authorized through the gate, with a gate pass.

After unloading gear in the campsite, vehicles should be removed from the campsite and returned to designated parking areas. After the unload, vehicles may not remain in the campsite.

## Leader Meetings

The Cubmaster or a Leader for the pack, must attend the daily leaders' meeting. These take place between the Tribe and Commissioner's Area, on the Northeast end of the Dining Hall. ## Cafeteria Style Dining

**Quivira Scout Ranch will have staff serve the food onto the plates for each person.**

Quivira Scout Ranch uses cafeteria style dining. In this format, there will be an item or two for the meals delivered to your tables so that you spend less on the wait getting your food! Please assign 1-2 scouts to prep the table each meal.

Scouts should arrive 10-15 minutes prior to a meal to prep the tables and lower the benches. This allows our staff to properly and efficiently serve your unit.

## QSR Visitation Policy

Any visitations must be made one day in advance to the camp director. Some restrictions apply, such as visitors will not be allowed to attend the last day of camp. Camps office, 620-725-5242.

Visitors may not stay overnight at QSR and are not permitted to take Cub Scouts when departing. Guests who are not registered with the BSA are not authorized to ride in camp vehicles.

All visitors must check in at Star Lodge and sign in upon entering camp. Any visitor who hasn't signed in may be asked to leave. Any guests eating in the dining hall should go to the trading post to secure a meal ticket of \$5.00 per meal. There are a limited number of meal tickets will be available.

- Once your campsite is clear and gear packed, please have one leader head to the porch of Star Lodge to collect the exit packet, which will include medical forms.
- Packs should plan on being out of camp by 10:15 am.

# Health and Safety

## Health Services

A qualified individual is on duty at our Health Lodge twenty-four hours a day. In the unlikely event of serious illness or injury to a Cub Scout, they will be taken to Sedan Hospital.

All prescription medicine for Cub Scouts and leaders must be given to Health Lodge personnel at check-in. Alternatively, medication may be kept in a locked container in the campsite under the supervision of a unit leader over the age of 21. Refrigeration is available in the Health Lodge for medication that requires it.

## You Must Use the Official BSA Physical Form

Every Scout and leader who is in camp is required to have on file in the Health Lodge the official BSA Physical form. Parts A, B are required.

Only the official BSA form is acceptable. School physicals, physicals from other camps, and sports physical forms are not an acceptable substitute. The physical must be completed after July 30<sup>th</sup>, 2021.

A new physical form is required every year and completed within the calendar year of camp. We suggest that Scouts have their BSA form completed when they have their annual Health Maintenance exam or sports physical.

## Emergency Procedures

Units are asked to keep a copy of the roster presented at the beginning of camp this is retained by the leadership in the campsite for times of emergency in order to take a roll call.

Emergency procedures for all common eventualities have been developed. These are reviewed at Leaders dinner. A severe storm weather drill will be held Thursday the week in the campsites. All units are expected to participate as instructed in the emergency procedures.

Severe storms happen at Quivira Scout Ranch. Specific procedures have been established. All campers and visitors are expected to follow these procedures.

## Fire Guard Plan

In case of fire, a member of the Staff is to be notified immediately. Camp staff members serve as the principal firefighters. All campers are required to stay clear of any fire areas. Leaders are instructed to assemble their Cub Scouts in a safe area and take a roll call.

## **Pets Not Permitted**

Pets are not permitted at camp. Units with impaired Scouts who require registered service animals must notify the Camp Director or Camp Ranger a week prior to their arrival at camp.

## **Accommodations for Scouts with Special Needs**

Any Scout with a certifiable disability limiting their ability to move about camp will be provided transportation by a camp staff member to get to and from meals and necessary camp activities. Transportation priority is given based on the Scouts' schedules. The Special Needs form must be sent to the Council Office before camp, form can be found at [www.quivira.org](http://www.quivira.org) or on Black Pug registration.

## **Vehicle Policy**

**The speed limit on all of the roads in camp is 10 miles per hour.**

No personal vehicles of any kind are allowed on camp property except in designated parking areas. Be certain that all leaders and visitors are aware of this policy.

At no time is anyone allowed to ride in the back of a pick-up truck.

Vehicles must be moved to the main parking lot and off camp by Thursday at 9:00 p.m.

Due to shallow water lines in each campsite, vehicles must stay off the grass and stay only on graveled areas. Failure to follow this policy may result in a broken water line and the party responsible for the break may be liable for the repair.

## **Leaving Camp During the Week**

All campers, youth and adult, who must leave camp during the week must sign out at STAR Lodge each time. To ensure the safety of the Youth, all Youth campers may leave only with an authorized adult and with the approval of the Camp Director. A photo ID will be required when picking up a Scout. The Scout must have a release form on file at STAR Lodge, signed by their Cubmaster and a parent or guardian and verified by the camp director.

Campers, upon returning, are required to stop by STAR Lodge and sign back in. This is necessary for the camp to be able to maintain an accurate record of who is in camp at any given time.

## **Drug, Alcohol, Tobacco & Other Policies**

- Alcoholic beverages and illegal drugs are strictly prohibited. Violators will be removed from camp.
- Use of tobacco products in the presence of Scouts or in any structure is prohibited. Tobacco may only be used in the designated area, which is the main parking lot.
- Personal firearms, ammunition and bow-hunting equipment are strictly prohibited. QSR provides all equipment for various field sports activities.
- Fireworks are prohibited.
- Open flames (candles, Sterno, kerosene lanterns) are strictly prohibited in tents.

## **Shower, Restroom and Washing/Pool Facilities**

No cell phones or cameras are allowed in any restroom or shower area at any time.

Showers are available in the storm shelter in each campsite. Leaders may use the showers at the rear of the dining hall. Leaders determine a schedule in their campsites for youth shower time and adult shower time.

Units need to bring soap for the washing stations that are provided in their campsite. Additional washing stations brought by a unit are not allowed. Portable swimming pools are not permitted in campsite areas.

## **Safety Policies**

Cell phones are not permitted for Cub Scouts in camp due to Safety, Youth Protection and Barriers to Abuse Policies. Leaders are highly recommended to adhere to this policy for the same reasons.

## **Drone Usage**

In order to properly comply with Youth Protection standards, all drones on camp can only be flown with approval of the Camp Director.
